SUMMARY

Frontend Developer with a passion for doing the best to create user-friendly web applications. I have a suitable foundation in **HTML, CSS, JavaScript**, and **React**. I enjoy collaborating with others, working in a team-oriented environment, and always learning and staying up-to-date with the latest technologies and industry trends. I am excited about taking on new challenges and growing.

TECHNICAL SKILLS

- HTML
- CSS
- Tailwind
- JavaScript
- React
- GitHub

CERTIFICATIONS

SCRIMBA – CERTIFIED (01 / 2023)

Frontend Development

- I participated in 70 hours of coursework strengthening these technologies **HTML, CSS, JavaScript, React, APIs, Responsive Design, UI Design**, and **Git** for more dynamic projects.
- While learning, we have coding challenges and dozens of real-world projects, which make the course more attractive and allow us to practice what I learned.

PBCACADEMY – CERTIFIED (06 / 2022)

Software Engineering

- I participated in 40 hours of coursework covering Software Development Methodologies (**Waterfall, Agile, Scrum**).
- Working as a group, we managed to work on a project called “E-Voting,” where we developed the processes step by step.
- After successfully passing the final test score of 35/40 and completing the tasks, I reached certification as a Software Engineer.

SHKOLLA DIGJITALE – CERTIFIED (10 / 2021)

Frontend Development

- I participated in 120 hours of coursework covering **HTML, CSS**, and **JavaScript** fundamentals with challenges and projects.
- With the knowledge gained during the course, I created a landing page with the UI of other sites I was trying to do myself and reinforced my skills.
- After regularly following the course and completing the tasks, I became certified as a Frontend Developer.

LANGUAGES

- Albanian (Native)
- English (Intermediate B1)
